Summer Reading Project

Summer reading is an important part of a student's learning experience in the STAMP & SPACE academies.

Current research suggests that summer reading helps students maintain important literacy skills and provides all students with a shared experience on which to build upon when they return to school. Below are the summer reading directions for all incoming freshman students. All students are responsible for their summer reading assignments

Required Summer Reading

Assignment: Read ONE of the books presented on the following slide. This should be a novel you have not read before.

As you read, complete a one-pager and reflection project. Submit your completed project to your English I teacher by Tuesday, August 30, 2022.

(This must be submitted via Google Classroom and will be a major grade.)

One-Pager Project

A one-pager is a single-page response to your reading. It is a way of making a personal connection to a text and analyzing it imaginatively and honestly. A one-pager combines visual and textual elements to present an author's argument or purpose and your response to it.

What you will need to complete your one-pager:

- 1 sheet of cardstock paper (8 ½ by 11)
- Markers, colored pencils, post-its, construction paper, magazine clippings, etc. (you are free to be creative with the materials you use)

This assignment can also be completed digitally. (google slides, PowerPoint, Pages, Keynote, etc.)
